Hosted by: Olathe Police Department

The National Polygraph Academy (NPA) was founded with the objective and mission to provide first class polygraph training to qualified, highly motivated persons in law enforcement, governmental organizations and the private sector.

The week starts with a focus on DLST, including proper use and introduction of DLCs. The training continues with a thorough review of TDA methods, troubleshooting data problems, TQC and a refresher on CM signatures and detection methods. The last 2 days of the course transitions to a focus on advanced interrogation techniques, and will be open to non-polygraph officers, detectives and other agency personnel.

This training will satisfy the continuing education requirements of the American Polygraph Association and American Association of Police Polygraphists.

Registration: \$595 (5-day option)
Polygraph & Advanced Interrogation Techniques

\$295 (2-day option)
Advanced Interrogation Techniques Only
